MORE INDICTMENTS

Additional Ones in Connection With Postoffice Investigation.

(By Associated Press.)

WASHINOTON, D. C., October 1.—The grand jury of the Supreme Court of the District of Columbia, to-day brought in three more indetments in connection with the Postoffice Department investigation, One was a joint indictment against George W. Beavers, formerly chief of the salary and allowance division of the Postoffice Department and State Senator George A. Green, of Binghampton, N. Y. This indictment charges that they entered into a conspiracy to defraud the government. This, it is alleged, they accomplished in the sale of time deckes, from which sale they were enabled to reap a reward because of Mr. Beavers' connection with the department, by which the clocks were purchased. The former indictment against Green and Beavers charged conspiracy against the United States.

The other two indictments were against Scott Towers, who has charge of one of (By Associated Press.)

indictment against the United States.

The other two indictments were against Scott Towers, who has charge of one of the principal sub-postoffice stations in this city. He is accused of having received a commission on the sale of book typewriting machines to the government in contravention of sections 1781 and 1782 or the revised statutes, which prohibit officers or employes of the United States from receiving other compensation than their salaries for procuring contracts from the government or for services rendered.

The present grand jury will adjourn finally next Monday, and the expectation is that a number of other postoffice indictments will be returned on that day. Immediately after receiving information of the indictment of Towers, the Postmaster Merritt, of Washington, dismissing him from office.

garded as Satisfactory.

(By Associated Press.)

WASHINGTON. October 1.—The State Department to-day received a cablegram from Minister Beaupre, at Bogota, dated September 30th, stating that the committee of the Colombian Senate, which was appointed during the first debate on the report of the canal committee to prepare the material for the second debate, has submitted its reports and it will be debated in a few days. This report approves the rejection of the treaty August 12th, but disapproves the proposition to enact a law to empower the president to open up negotiations for the construction of a canal under certain specified conditions. The object, the cablegram states, apparently is to leave the Colombian government at liberty to negotiate a fresh treaty without restrictions. It seems, says Minister Beaupre, that the report will probably be adopted. The news contained in the above cablegram is not considered of a very favorable character at the State Department, indicating, as it does, that the Pepalable character at the colombian indicating, as it does, that the Colombian Congress will refuse to give the president of Colombia a free hand in any future negotiations which may occur.

Stenographers in Demand. Employment agencies find that the largest demand for men in the commercial world is for stenographers, both men

and boys. It will be a matter of interesting news to young men and boys anticipating stenography to know that the Young Men's Ciristian Association, corner of Main and Sixth Streets, will conduct a stenography club for men, beginning October 5th, and continuing for twenty-six weeks, three nights a week, and at the same time will conduct a class for boys over twelve years of ago on Tuesday and Thursday nights.

A postal card request for information will be promptly answered.
